

# EVACUATION OF ROYE PREDICTED

## FALL OF LASSIGNY PROBABLE WILL FORCE RETREAT TO SOMME

Allies Since Start of Offensive, Gain Between Nine and Ten Miles on Forty-Mile Front. Somme Bridge at Peronne Smashed, Cutting Off the Enemy's Supplies.

### PLAYS HAVOC WITH GERMAN RETREAT

(By United Press.)

London, August 13—4:20 P. M.—The evacuation of Roye is expected within 48 hours, according to information received here today. The allies since the start of the offensive, have gained between 9 and 10 miles on a 40-mile front.

The fall of Lassigny expected hourly, probably will force the Germans to retreat to the Somme line, which is an additional retirement of five to ten miles all along the front, according to information received this afternoon.

The Somme bridge at Peronne has been smashed, cutting off the enemy's supplies from that direction and hindering the retreat.

#### Move Supplies From Peronne

Paris, August 13.—4 P. M.—The Germans have been hurriedly moving enormous quantities of raw materials from Peronne and enemy troops are crossing the Somme.

Roads about Peronne are reported to be crowded with German transports attempting to get materials back to a safer spot. High ammunition dumps were abandoned by the enemy in his flight and have been captured in packs by the French.

Meanwhile, there is a comparative lull in the fighting between the Oise and the Somme. It is believed the allies have prepared for some new activities. Some military critics express the opinion that Lassigny has been enveloped by the French and possibly has already been captured.

#### British Front Quiet

With the British Army in the Field, August 13.—With local fighting proceeding off many sides, the general situation on the British front has changed little.

North of the Somme the night was quiet. At Edinham British parties captured some enemy defenses and took some prisoners.

German casualties have been rather heavy as the result of fighting in the region of Roye, where Canadian troops have moved into more advantageous positions.

#### Huns Retire on Front of 3 Miles

London, August 13.—1:15 P. M.—The Germans as the result of French pressure are evacuating southern defenses of Ribencourt, it was learned this afternoon.

The enemy retired from their trenches on a front of nearly three miles. The French are driving forward in an effort to take Roye, Lassigny and Ribencourt. Roye is being pressed closely from the west and south and the French appear already to be commanding it. The communications eastward from the town are under heavy artillery fire.

The French have now almost reached the crest of the Lassigny heights. A few Germans remain on the highest points.

The Germans are withdrawing additional troops from the battle land.

Exhaustion of the flank is known to have greatly aided in exhausting their reserves. There are now 33 enemy divisions on the battle front.

On the Aisne-Vesle front, French and American troops by strong

## ONLY NINETY NAMES IN THE CASUALTY LIST

Fourteen Killed in Action, Fifty-Two Severely Wounded and One Missing

### ONE HOOSIER IN TODAY'S LIST

Washington, August 13.—The army casualty list issued today shows: Killed in action, 14; died of wounds, 3; died of accident and other causes, 1; wounded severely, 52; wounded degree undetermined, 19; missing in action, 1; total, 90.

The list is as follows:

Private George Epmeier of Evansville, severely wounded, was the only Hoosier mentioned in today's list. There were four Indians in last night's list, however, as follows:

Private Earl Baker, Shelbyville, wounded severely; Private Charles E. Forest, Veedersburg, wounded severely; Private Elsie R. Mathews, Vincennes, wounded severely; Corporal Thomas A. Muldoon, Whiting, wounded severely.

counter attacks, regained positions they had lost temporarily near Fismette.

British troops advanced last night north of Roye and along the north bank of the Somme, taking additional prisoners.

German prisoners taken from Thursday to Sunday exceed 37,000 of which 2,300 are officers, according to dispatches from the front. More than 1,000 cannon and 10,000 machine guns have been captured. The total of enemy prisoners taken since July 18 is more than 70,000, the dispatch stated.

**Old Somme Battle Renewed.**

With the French Army in the Field, August 13.—The old battle of the Somme is on again. The Germans are entrenched in the well worn lands, stubbornly holding on and even attempting to counter-attack, although feeble.

This situation is the natural result of the necessity of bringing up French defense.

**Germans Evacuate On Oise**

London, Aug. 13.—German troops are evacuating trenches in the riv-

## WILL ACCEPT AMENDMENTS

Senate Military Committee to Report on Manpower Bill Thursday

Washington, August 13.—The senate military committee today agreed to accept the work or fight amendment to the new army manpower bill. It also accepted an amendment offered by Senator Reed, Mo., providing for education for two years, of persons under 21 who may be drafted into the service, at the expense of the government at the close of the war.

The committee has completed its work on the bill and will report it Thursday.

## FIVE MECHANICS TO ENTRAIN ON THURSDAY

Two Military Registrants Will go to Cincinnati and Three to Indianapolis

### 3 PICKED FOR REJECTIONS

Five Rush county military registrants will entrain for two mechanical training schools Thursday, leaving one more increment of mechanics yet to be inducted into the service this month.

The quota of two ordered to report to the Cincinnati public schools August 15 for mechanical training will be composed of Edgar Bates and Harry Karr of Rushville, both 1918 registrants. They will entrain at 3:30 p. m. on the C. I. & W. The call for three to report at Indianapolis the same date will be filled by Robert Vredenburg, Albert J. Sweet and Clarence Sampson, all 1918 registrants. They will leave at 10:51 a. m. over the C. I. & W.

The board has announced that Roy Beaver, Howard J. Weeke and Lucius Davis will be sent to Camp Taylor, Ky. to take the places of the three men of the July quota of forty who were rejected because of physical unfitness. They will not be entrained until the local board is officially notified by the Camp Taylor authorities of the rejections.

## MEMORIAL SERVICE FOR SOLDIER DEAD

Tribute Will be Paid Memory of Elbert Cox, Who Was Killed in Action July 18

### BAPTIST CHURCH SERVICE

Memorial services for Elbert Cox, son of Mr. and Mrs. A. J. Cox who was killed in action in France July 18, will be conducted at the First Baptist church Sunday morning, Aug. 18.

The services will mark the first monthly anniversary of the death of the Rush county boy and although the program will be conducted in connection with the morning church services and will be held at eleven o'clock, the memorial will assume the form of a community affair to which the entire city is invited. The Rev. C. J. Bunnell, pastor of the church, will conduct the service, in which numerous prominent local citizens will participate.

Marriage licenses have been issued to Alice Mae Gardner, daughter of Mr. and Mrs. L. E. Gardner, and Omar L. McKibben, son of Mr. and Mrs. E. W. McKibben, and to Miss Lottie Pearl Craig, daughter of Mr. and Mrs. Frank Craig, and Joseph M. Scott, son of Mr. and Mrs. Jackson Scott.

## U-BOAT SIGHTED

### OFF FIRE ISLAND

British Steamer Reports Receiving Wireless From U. S. Patrol Boat to This Effect

### MANY FISHING VESSELS SUNK

Sinking of Schooner Old Timer and Cruiser and Shelling of Life Boats Reported

An Atlantic Port, August 13.—Passengers arriving here today aboard a British steamer, reported their vessel received a wireless, apparently from a United States patrol boat, stating that a U-boat had been sighted off Fire Island, on the New York coast, and that other patrol boats were pursuing it.

An Atlantic Port, Aug. 13.—The fishing schooner Aenisha arrived here today with 14 men from the fishing vessels Progress, Starbuck and Helena May, all sunk by a submarine. The men were picked up southeast of Cape Cod.

The crew of the schooner May A. Sennett, which was brought to this port told of the sinking of the schooner Old Timer and Cruiser.

They declared the crews of the vessels were shelled when they left their ship and probably were killed as nothing was seen of them after the vessel sank.

Washington, August 13.—German U-boats now appear to be operating all along the Atlantic coast.

From New England to the Carolinas, the sea scavengers of the enemy are exacting their toll of the fishing vessels and other small vessels, and have gassed a light house crew.

The navy department today added another victim in the Norwegian sea steamer Sonerstad, torpedoed off Fire Island yesterday morning. The navy is taking all measures to meet the situation. Thus far, however, there is no direct evidence that any of the enemy submarines have been sunk. There is some cause to believe that a destroyer which had a brush with one of them, disposed of it.

## BAN ON BEEF IS RAISED

May be Served Once Daily, Having Been Limited to 3 Times Weekly

The ban has been raised on the serving of beef in public eating houses in this city and instead of serving this meat only three times weekly, it is now allowable to place it on the menu once every day.

The action of the food administration indicates that the packing houses are well filled with this product and until they are empty, either by the troops of the allies across the sea or to the cantonments in this country, civilians will be allowed to consume their usual share of beef. The meat conserving ruling concerning the confining of beef dishes to three days weekly has been followed for several months.

### TO TRY FOR TRAINING CAMP

Karl Kennedy, who has been in training at an aviation ground school at Austin, Texas, has resigned from the aviation section of the signal corps and will apply for admission to a training camp for engineer corps officers. Mr. Kennedy has arrived at his home here and is awaiting action on his application for admission to the school.

## THRESHERMEN FINISH WORK

Meeting Tonight Will Disclose Success of Season

A threshermen's meeting which will complete the business of threshing in the Gings neighborhood, will be held this evening in the hall there.

Marion Detrick, county agent, will address the meeting on the cure for smut and on the proposed increased wheat acreage, and plans for the fall and winter farm work will be taken up. The meeting will be participated in by all of the farmers of the Gings vicinity.

## NOT DRAFT DODGERS BUT WANT TO ENLIST

Five Young Men Pass Through in Automobile Enroute to Chicago to Join the Navy

### EXPLAIN MISSION WITH SIGN

"We thought that we wouldn't be draft dodgers but since it's taking Uncle Sam so long to get to us, we've started out to join something and we're going until we do."

The declaration was made in the downtown district of the city yesterday evening by one of a party of five young men whose automobile, as it entered the city, created quite a note of interest, beribboned and belted, which explained the mission of the party to any inquisitive passerby without the repeated explanation of the boys.

The five young men left their home in Cincinnati yesterday morning and are enroute to the Great Lakes training station in Chicago where they will attempt to enlist in the ensign school. They stated that if they are refused admission there upon their arrival, they will continue their trip to the eastern coast true to the notice on the side of the car—"Navy bound, New York via Chicago."

The prospective U. S. ensigns expect to arrive in Chicago tomorrow. The party included Jack Hersh, Julius Wainer, Norbert Sieve, Joseph Keidkamp and Harry Karp.

## DID AIRSHIP PASS OVER CITY AT DUSK?

Seems to be Only Way to Explain Strange Accident Which Be-fell Susan Tingley Last Night

### OIL CAN DROPS FROM THE SKY

Did an aeroplane pass over Rushville, unobserved, about dusk last night?

This was the question which today confronted neighbors of Susan Tingley, who lives in West Fifth street just off Main. While Mrs. Tingley was sitting on the porch in the rear of her home yesterday evening, an oil can fell from the sky and struck her on the foot, inflicting such a severe bruise that Mrs. Tingley was unable to walk today.

The only plausible solution seems to be that the oil can dropped from an airship passing overhead. Because of the close proximity of other buildings, it is regarded as impossible for the can to have been thrown from the alley or street. This solution is not likely because the can apparently came directly from above and hit with such force that it injured her foot. The can was labeled "lubricating oil."

## WEATHER

Fair, continued warm tonight and Wednesday.

## NAMES OFFICERS

### FOR REGISTRATION

Army Board Continues to Make Plans For Registering Men Over 31 and Under 21

### THE LAW IS NOT YET PASSED

With Two Exceptions Registrars Are Same as in 1917—Voting Places to be Used

Acting in accordance with instructions from the war department, the local army selection board is continuing to make arrangements for the proposed registration of men under twenty-one and over thirty-one years of age for military service.

Today the board announced the names of the precinct registrars who have been selected for the registration. In as far as possible, the board attempted to place on the precinct boards men who served on June 5, 1917 when men from twenty-one to thirty-one years of age registered.

Two exceptions had to be made. El Lewark was put on in place of Henry Guillu, who is dead, in precinct No. 2 in Union township, and Will Inlow will take the place of Will Spivey in precinct No. 9 in Rushville township. Because September 5 has been selected as the tentative date for the registration, Mr. Spivey would be unable to serve on account of court duties in connection with his position as deputy sheriff.

The law has not been passed by congress and may not be before the latter part of this month or the first of September. However, the war department has instructed all local boards to make all arrangements for the registration so that it can be conducted immediately after the law is passed.

The local board, in announcing the names of the registrars, stated that wherever possible, the buildings which have been used for voting, will be used for the registration. The registrars appointed are as follows:

#### Ripley

Precinct No. 1—Aaron O. Hill; 2, Rue P. Henley; 3, Jesse Henley.

#### Posey

Precinct No. 1, Clark Offutt; 2, Floyd Woods.

#### Walker

Precinct No. 1, D. L. Mull; 2, Howard Clawson.

#### Orange

Precinct No. 1, Gus Riley; 2, Charles Owen.

#### Center

Precinct No. 1, Bert B. Benner; 2, D. H. Gilson.

#### Jackson

Joseph A. Stevens, Rushville.

Precinct No. 1, Bert Mullin; 2, James V. Young; 3, Arnold Orme; 4, M. V. Spivey; 5, W. A. Alexander; 6, Omer B. Green; 7, William L. King; 8, LaRue Webb; 9, Will Inlow; 10, Gates Ketchum.

#### Anderson

Precinct No. 1, W. E. Wagoner; 2, Frank McCorkle.

#### Washington

Precinct No. 1, Hames L. Baird; 2, Edward V. Jackson.

#### Union

## GENERAL REVOLT IN RUSSIA GROWS BE MAIN SPEAKER

Germans Are Harassed on All Sides by Growing Movement of Unorganized Resistance

### BOLSHEVIKI ARE LOSING HOLD TO BE HELD AT GLENWOOD

While in Great Peril in the West, Enemy is Little Better Off in The East

(By United Press)

London, August 13.—Germany, in the bitterest hour of defeat in the west she has yet known, is menaced in the east not only by the advance of the allied expeditions, but by the perpetually growing movement of unorganized resistance to her occupation, says the Daily Telegraph, in commenting on the situation in Russia.

There is not a part of Russia where German troops are stationed where the commanders have not all they can do to hold the people down by force of arms. The task, the newspaper adds, will soon call if it has not already for strong reinforcements apart from the question of meeting the allied expeditions. The Telegraph continues: "If the enemy is in peril in the west, he is little better off in the east and Prussianism is reaping whatever it has sown."

The removal of the German embassy to Pskov, says the Daily Chronicle, is an admission by the Germans of their intense unpopularity in Russia.

The Daily News says that the salient fact of the political situation in Russia is the failure of the Bolsheviks to provide a rallying point for the nation. It believes that the fall of Lenin and Trotsky would be the first step toward a solution of the problem for it would mean the emergence in Russia of forces disposed to stand for self-assertion as against exploitation by Germany.

### Lenine's Latest Proclamation

Amsterdam, August 13.—A new proclamation advocating the pitiless annihilation of all counter-revolutionaries has been issued by Premier Lenine, says the Rheinische Westfälische Zeitung, of Essen. Peasants retaining grain beyond their personal needs will be arraigned before revolutionary courts as enemies of the people. Capital punishment will be inflicted on illicit traders.

### Unrest in Ukraine

Washington, August 13.—Ukrainian peasants are showing growing bitterness toward the Germans, stated the premier, advisedly received today said. German troops have been increased in Ukraine, because of the unrest, and now number between 400,000 and 500,000.

### Huns to Take Petrograd

London, Aug. 13.—The Germans intend to occupy Petrograd, a dispatch to the Copenhagen Politiken, from Helsinki, declares. Troops for this purpose are already being brought toward the objective, it is added.

### Fall of Lassigny Probable Will Force Retreat to Somme

Continued From Page 1  
er bed of the Oise just west of Baily, according to news received here. The move has been forced by French pressure in the valley of the Oise. The French are working around Roie to the west and south of this important German holding point almost in the center of the Picardy battle front and now hold high ground in this region.

The wooded area around Des Loges, south of Roie, was captured by the French last night. A German counter-attack was driven back.

The village of L'Econville has been captured by the French and further ground has been gained by them north of the St. Claude farm. L'Econville is about three and one-half miles southeast of Lassigny and virtually on the crest of the ridge overlooking the Oise.

Baily is a village situated on the east bank of the Oise, about a mile and three-quarters east of Ribecourt. It is near the southern end of Ourcamp forest, a wooded region which is of great strategic value in that part of the battlefield.

## G. M. BURNIE WILL BE MAIN SPEAKER

Secretary of State Sunday School Association Will Address Each Session Friday.

### Superintendents of Departments to Report and Round Table Discussions Held.

The Rush County Sunday School Association has completed an excellent program for the convention of the organization which will be held Friday, August 16, in the Methodist Episcopal church in Glenwood.

The program will open at ten o'clock Friday morning and during the three sessions which will follow, every phase of the work of the Sunday schools will be discussed by the secretaries of the various organizations.

Sunday school work featuring the year's advancement, will be discussed and plans adopted whereby the work in every department of the Sunday schools through the county may be made uniform so that all primary, intermediate and advanced classes may be using the same course of study.

"The Value of Township Organization" will be discussed at the morning session by the Rev. F. M. Westhafer of Arlington, after which George M. Burnie will talk on the subject of "Keeping Our Boys and Girls." Mr. Burnie, who is general secretary of the Sunday school work in the state, has made a careful study of the boy and girl life in the church and will advance various plans whereby church work may be made more interesting to the younger generation.

Primary work and the reports of the Sunday school departmental heads will comprise the afternoon's session which will open at two o'clock and close with a round table discussion of the Sunday school teacher led by George M. Burnie.

The evening session will consist of a lecture by Mr. Burnie when again the necessity of active Sunday school work for the life of a church will be discussed.

## An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new oversize pistons and rings in your Ford motor.

These are the results you obtain by re-boring

You increase power from 10 to 50 per cent.

You eliminate that elusive knock.

You stop the escaping gas around piston rings which abnormally heats the crank case.

You stop the admission of auxiliary air past the piston rings which dilutes the mixture.

IS EFFECTIVE ONLY  
TWO NIGHTS A WEEK

Order Curtailing Decorative and  
Display Lighting Applies Only  
on Monday and Tuesday

CITY AGREEMENT VOLUNTARY

Some misunderstanding has arisen among business men regarding the new fuel administration program in respect to the curtailing of lighting as a fuel conservation measure.

Because the city administration entered into a voluntary agreement with the county fuel administrator, S. L. Trabue, to cut down public lighting every night in the week except Saturday, the impression has arisen that this is an order which affects window display and advertising lighting. This is contrary to the fact. The national fuel administration asks that decorative and display lighting be cut down as much as possible only on Monday and Tuesday night in Indiana, which order business houses are expected to abide by. The matter of curtailing the public lighting is another matter.

—Lt. Scott Buell returned yesterday to Camp Taylor, where he is stationed, after spending a few days with his parents, Mr. and Mrs. D. C. Buell east of the city.

—Miss Kathleen Ryan of Muncie is spending a few days in this city, the guest of relatives and friends.

—Mr. and Mrs. Harry Brown of Newcastle motored to this city last night and were the guests of friends.

—Frank Kelly, Albert Schriebe, Harry Hackman and Hugh Jones motored to Knightsbridge last night.

—Miss Ruth Ashworth of Connersville is visiting Mrs. Neff Ashworth at her home east of the city for a few days.

—Mrs. Maude Cowan and son Morris of Milroy are the guests of Miss Anna Cowan in North Jackson street.

—Mr. and Mrs. Arthur Havens and sons of Elwood are the guests of Mr. and Mrs. George Craig and family.

—Mrs. Pink Dearinger and son Aubrey went to Homer today to attend the funeral of Mrs. James M. Dearinger.

—Harold Perkins, Denning Havens and Francis Knecht have returned from a visit with friends in Cincinnati.

—Miss Margaret Carroll has returned from Shelbyville, where she spent a week, the guest of friends and relatives.

Red Cross Prevents Waste

—Red Cross Prevents Waste

—Red Cross Prevents Waste

Palermo, Italy.—It is the aim of all the ouvroirs, or sewing rooms of the American Red Cross throughout Italy to cut the patterns of the garments made with as little waste as possible, but it is the boast of the ouvroir at Palermo that after their expert cutter has finished with a bolt of cloth, there is hardly a scrap an inch square left. Three or four girls, daughters of soldiers at the front, are employed at the ouvroir stuffing rag dolls with the threads and edges carefully gathered in the cutting room. These little girls then make a dress for each doll and when there is a sufficient number they are given to the babes at the creche or nursery, and to the sick children at the pavilion who are receiving medical attention.

—Releases of hotels, restaurants and homes from their pledge to do without wheat until after the 1918 harvest, announced during the past week by the federal food administration, should not be misconstrued to mean that they are privileged to use wheat flour entirely without substitutes.

Hotels and restaurants are required to use thirty-three and one-third per

OFFICIAL FOOD NEWS

By Dr. Harry E. Barnard,  
Federal Food Administrator for Indiana

The ban on the use of macaroni, spaghetti, noodles, vermicelli and wheat alphabet has been raised, effective August 7. A bulletin states that the use of these wheat products will be permitted "until further notice" and bases the concession upon the fact that "the situation in regard to wheat has eased up." All public eating places are affected by the notice.

J. R. Morgan, county food administrator for Howard county, discovered proof of hoarding in the residence of Fred Adler, 724 South Lindsay street, Kokomo. He confiscated two ten-pound bags of sugar, three five-pound bags and seven two-pound bags and a twenty-five pound bag of flour, in excess of a thirty-day supply. He sold the surplus and permitted Adler to pay \$25 to the Red Cross in lieu of more serious consequences for violating the food control law which provides for a fine up to \$5,000 and prison sentence up to two years for hoarding.

Releases of hotels, restaurants and homes from their pledge to do without wheat until after the 1918 harvest, announced during the past week by the federal food administration, should not be misconstrued to mean that they are privileged to use wheat flour entirely without substitutes. Persons disobeying his orders will be reported to the government for wilful waste. The wilful waste of any food product fit for human consumption is punishable by law under the Food Control Act.

NO RELIEF BEFORE  
THURSDAY PROBABLE

Weather Bureau Says Temperature Tomorrow Will Run About the Same as it Has Been

WARMER IN NORTHERN PART

Indianapolis, Ind., Aug. 13.—No hope for relief before Thursday from the intense heat of more than a week's duration is contained in the forecast of the weather bureau, and this hope is rather vague. Temperatures for today and tomorrow were expected to run about the same as those for Monday without much prospect for deviation either way.

Intense heat and sunshine throughout the interior, with high pressure in the southeast and low areas in the west and northwest continue, and such showers as have occurred are scattered widely. Temperatures over Indiana yesterday averaged more than 100 degrees and were higher in the northern part of the state than in the southern, where a few light showers were reported along the Ohio river.

Today's temperatures were: 6 a.m., 76; 7 a.m., 76; 8 a.m., 78; 9 a.m., 84.

You know how soon a boy or girl goes through a pair of stockings—stockings new on Sunday, and gone Saturday night. The stocking which lasts a week or two longer than usual is a money saver.

Pony Stockings give long service. The reason lies in their all-round quality—yarns, dyes, finish, workmanship are all superior to what you usually get for the same money, and you get good looks, fit and foot comfort, too.

**E. R. CASADY**

## TELLS HOW TO GET BACK OLD TIME AMBITION

**Discoverer instructs druggists everywhere not to take a cent of anyone's money unless Bio-feren doubles energy, vigor and nerve force in two weeks.**

### 7 A DAY FOR 7 DAYS

Any man or woman who finds that they are going backward, are not as strong as they used to be, have lost confidence in their ability to accomplish things, are nervous and run down should take two Bio-feren tablets after each meal and one at bedtime.

Seven a day for seven days.

Then take one tablet each meal until the supply is exhausted.

Then if your nervousness is not gone, if you do not feel twice as strong and energetic as before, if your sluggish disposition has not been changed to a vigorous active one, take back the empty package and your money will be returned without comment.

No matter what aches, worries—overwork—too much tobacco or alcohol—have weakened your body and wasted your nerves, any druggist who is authorized to refund your money on request if Bio-feren, the mighty upbuilder of blood, muscle and brain does not do just what is claimed for it.

**Note to Physicians:** There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycerophosphate; Iron Peptonate; Manganese Peptonate; Ext. Nut. Vomica; Powd. German; Phenolphthalein; Clearasil Capsule; Kola.

Keeps Teeth Clean and Gums Healthy

Specially indicated for treatment of Soft, Spongy and Bleeding Gums.

All Druggists and Toilet Counters.

Thousand a Week Needed

A thousand graduate nurses must be sent each week for the next two months to meet the requirements of the allied armies, according to the word that has reached Rushville from Lake Division Red Cross headquarters.

The "thousand-a-week" request to the Red Cross has been made by Surgeon General Gorgas, and Miss Anna Gladwin, acting director of the Lake Division Nursing Bureau, has appealed to Red Cross organizations throughout Ohio, Indiana and Kentucky to speed up enrollment of eligible nurses.

In the 6 months ending July 31, 703 nurses had been enrolled from these three states—537 from Ohio, 136 from Indiana and 30 from Kentucky. Two hundred and ninety-one were enrolled in July. August and September must each produce at least triple that figure.

Appreciating that public health must not be permitted to suffer, the Red Cross has been pushing its home care of the sick and its first aid care courses as well as co-operating with other agencies in recruiting student nurses to fill the depleted ranks of the hospitals.

Notice has gone out that the pay of nurses going into active military service has been increased to \$75 a month for overseas duty and \$60 a month for work in camps and commandments in America. This is in addition to board and lodging and to the same War Risk Insurance privileges that are granted soldiers, sailors and marines.

#### A Test of Loyalty

The campaign for the Fourth Liberty Loan will begin September 28 and close October 19. The result of the loan will be watched with keen interest in Europe, not only by our associates in the war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, of the people at home backing up the Army in the field. As the loan succeeds our enemies will sorrow; as it falls short they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifices compared with the willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money? Shall we spare our dollars while they spare not their very lives?

The Kansas soldier who after taking part in a battle on the western front wrote to his mother, "Say, mother dear, I never knew courage was so common," has expressed the

## ASKS INCREASE IN 1919 WHEAT ACREAGE

Agricultural Bureau Says Demands Necessitate Increase of at Least Seventeen Per Cent

### RUSH WILL CO-OPERATE

Although the government has asked that Rush county increase its wheat acreage seventeen per cent in the crop of 1919 farmers wheat reports which have already been made show that an increase of twenty-two per cent has been promised.

Indiana's wheat crop for 1918, roughly estimated, was grown on 55,800 acres, and with the desired increase of 8,023 acres, the minimum of ground to be planted in wheat is to reach the 63,823-acre mark.

The wheat yield reports have not all been submitted by the threshermen of Rush county but in numerous cases of those whose reports have been completed, an increased acreage of fifty per cent has been promised.

Mr. Detrick stated today that the county would not be expected to stop on the seventeen per cent increase mark but because there will be numerous counties which will not be able to produce the additional amount asked. Rush county must produce to the limit.

### THIS DAY IN THE WAR

Aug. 13, 1917. Russians capture 600 Germans in Stolnik river valley.

Aug. 13, 1916. British and French advance on Somme front.

Aug. 13, 1915. Russians report there is no doubt they will be able to escape, as the Austro-Germans are getting a long way from home. Grand Duke Nicholas indicates he will retire to strong natural defenses "a little further east" and there make a stand.

Aug. 13, 1914. German cruisers Goeben and Breslau reported sold to Turkey.

### Barrage

Profiteer By CHARLES B. DRISCOLL

Go, wallow in your golden mire,  
Count o'er your bloody pelf.

Rent out your shriveled soul for hire,

Built monuments to Self! Stand not before the altar light

In freedom's holy flame;

Begone! and let us fight our fight,

While you compound your gain!

You sell our hero in the mart,

Your grasping fingers shine With jewels from his bleeding heart,

Your countryman and mine!

He lies upon a crimson couch,

Dead, in a holy cause,

While you behind his body crouch,

With banknotes in your claws!

Beware the people you betray:

They're patient, they endure;

Their wrath, once wakened, none may stay,

Their aim is swift and sure.

Your day is drawing to a close,

Your slowly sinking sun

A cruel, grawsome shadow throws

A gallows and a gun!

sentiment of the nation. We never knew that there was so much latent heroism among the young fellows in the offices, the factories and on the farms of America. Thank God that to our young Americans "courage is so common."

The president is planning to go without his usual vacation this summer. America is a self-sacrificing nation, and doubtless many a man could be found who would willingly take the president's vacation for him.

The government in addition to taking over the telegraph and telephone systems is taking control of all physicians in the United States. It must consider the doctors as live wires.

Having spent some time in inspiring the soldiers on the front, is it now about time for the kaiser to go home and do some inspiring.

## 1918 WAR GARDENS BETTER THAN 1917

Both in Number and Quality of Production Latest Results Have Never Been Exceeded

### FIFTEEN PER CENT OVER 1917

Gardeners Better Instructed This Year How to Plant, Gaining by 1917 Experience

Indianapolis, Ind., Aug. 13.—War gardens of 1918 surpassed those of last year both in number and quantity of production, according to reports gathered by the state food production committee. Final figures on the war gardens have not been compiled yet but sufficient data is on hand to show that the value of their crop exceeded that of 1917 by several hundred thousand dollars.

Final figures will not be available until the entire crop is harvested; however, there is no doubt but that the number of gardens this year is at least 15 percent above those of a year ago.

Frost destroyed many gardens in northern Indiana but late crops were planted and indications are they will turn out well.

In Indianapolis alone there were 60,000 war gardens. The number in other cities of the state is in proportion. Cities such as Terre Haute where especial garden planting campaigns were conducted show the largest production.

This was declared due to the fact that gardeners were better instructed in how to plant, control insects and disease and otherwise care for the plants.

Not a small portion of the garden truck produced in the state this year was grown on farms operated in connection with state institutions.

Taking the 1500 acres at the state penal farm as an example, good yields were procured from thirty-five acres of potatoes, fifteen acres of tomatoes, several acres each of carrots, onions, parsnips, turnips and other small vegetables.

Forty thousand cabbage plants were in one small section of the garden.

Besides these the orchard produced hundreds of bushels of fruit and berries.

## ANNUAL PICNIC AT ODD FELLOWS HOME

Grand Officers Will be Present Thursday and Lagrange Minister Will Deliver Address

### BASKET DINNER TO BE SERVED

The annual picnic of Odd Fellows and Rebekahs of Decatur and surrounding counties will be held on the beautiful grounds of the Indiana Odd Fellows home at Greensburg next Thursday. The affair will be an all-day event, the forenoon being given over to the inspection of the home by the visitors, followed by a basket dinner in the grove surrounding the buildings at noon. In the afternoon, beginning at two o'clock, a program of music, songs by the children, readings, and addresses will be given.

The Rev. Charles Louis DeBow, grand chaplain of the Indiana grand lodge of Odd Fellows and pastor of the Methodist Episcopal church at Lagrange, will be the principal speaker, his theme being "The Larger Patriotism." Officers of the grand lodges and Rebekah Assembly of Indiana will be present also and deliver brief addresses.

In former years this event has been planned solely as a Decatur county affair, but this year an attempt has been made by the grand lodge officers to extend its scope to all portions of the state within reach of Greensburg. Members of the Orders, with their families and friends are urged to go early, taking well-filled baskets, and enjoy a splendid day's outing at the home.

### TROTSKY HAS FLED.

Paris, August 12.—Reports from Berlin said that War Minister Trotsky of the Bolshevik Russian government had fled from Moscow to Cronstadt Island.

**WILL CONTINUE IN PARK MAINTENANCE**

State Park Department in Session at Muncie Votes for a Continued Park Establishment

**FOR CHILDREN'S RECREATION**

Muncie, Ind., Aug. 13.—That work of establishment and maintenance of parks should not interfere with or retard in any way during the war was the opinion expressed by delegates from Indiana cities attending the annual convention of the state park department here Monday.

It was pointed out by James H. Lowry, superintendent of the Indianapolis park system, and others attending the meeting, that one of the biggest problems in connection with the war is taking care of the young boys and girls.

In many cases the young people do not have the direction and guidance of parents to such an extent during war time as on other occasions, it was declared. Fathers are often taken from their homes and mothers are engaged in various industries, leaving the children to take care of themselves and provide their own amusement.

The park supervisors declared that the best means of furnishing the children with proper recreation under careful supervision was to spend more time in parks.

**CYCLOPS MAY HAVE BEEN SUNK BY U-BOAT**

Message in Bottle Washed Ashore at Baltimore Tells of Fate of Boat on Which Fred Beale Sailed

**REPORTS ARE UNOFFICIAL**

An unofficial report that the Cyclops met her fate after coming in contact with a German submarine off the Virginia coast has been circulated in press circles.

The report, which concerns the fate of one Rushville boy, Fred Beale, who was a member of the crew, resulted from a semi-official announcement that a bottle was washed ashore at Baltimore, Maryland, containing a message which stated that the ship had been captured by a German submarine off the Virginia coast.

The message neither stated the date of the catastrophe nor the manner in which the ship was taken. If the statement is true, however, the ship was doubtless torpedoed.

**RUSH COUNTY CORN IS DECAYED AT ROOTS**

Manner of Overcoming Corn Blast is Yet an Unsolved Question to Local Agriculturalists

**CAUSES DISCOLORATION**

With the discovery of a decay at the roots of corn in numerous fields in Rush county, another problem has bobbed up for the solution of Rush county agriculturalists.

The decay which begins at the end of the root continues for several inches up the stalk, causing discoloration to the corn and hindering its growth. It has been discovered for the first time this season and unless the frost, several weeks ago caused it the farmers are at a loss to know the reason for its appearance.

Marion Detrick, county agent, suggests a better drainage system, a more careful selection of seed corn and a rotation of crops as steps to overcome the corn blast.

**BRITISHERS CALM FEARS OF PARENTS**

Say Aerial Service is Not as Dangerous as is Generally Represented to People

**PERFORM DIFFICULT FEATS**

(By United Press.) Indianapolis, Ind., Aug. 13.—In order to assure parents and young men that the aviation service is not as dangerous as is generally believed a group of British airmen performed over this city today.

The aviators did the most difficult feats on the fliers program. They will operate out of Indianapolis for several days, giving exhibitions in Chicago, Louisville, Columbus, Detroit, Buffalo, Cincinnati, Milwaukee, and other cities.

Their tours will begin tomorrow. They will demonstrate the most difficult problems of flying, doing loop-the-loop, tail spin, side slip and other such stunts. Addresses will be made by the aviators explaining that the work of the aviators is not as hazardous as is generally pictured.

**ANXIOUS TO GET BACK TO THICK OF FIGHT**

Private Herman Estell, Who Was Invalided Home Because of Wounds Turned Down Repeatedly

**ONLY PARTIALLY RECOVERED**

Although told repeatedly that he had done his bit and furnished his quota of dead Germans, Herman Estell of the northern part of the county, is again attempting to get into the thick of the fight.

Private Estell was invalided home some time ago from the front where he received shell and bayonet wounds and during the same encounter was gassed with some of the most poisonous of German gasses.

He has been home long enough to recover to a certain extent from his injuries but yet, despite his numerous attempts, recruiting agencies have thus far emphatically refused his admittance, telling him to go home and stay there, thus allowing other anxious Yankees to get their share of the glories of war.

**LABOR BUREAU FOR RUSH COUNTY OPENED**

Labor Question on Rush County Farms to be Solved by Establishment of Headquarters

**DETTRICK ENROLLING AGENT**

A labor bureau for farm workers has been opened in the county agent's office which will alleviate all agricultural difficulties as far as the shortage of labor is concerned.

Marion Detrick, county agent, has been named enrolling agent and cards which he has received for the enrollment will serve as an index for the various kinds of labor which men desire, thus doing away with the delay which otherwise the employer suffers in finding suitable assistants in the various departments of farm work.

The bureau has been opened and both the employer and employee may receive assistance at any time from the county enrolling agent.

Cincinnati for a few days visit.

Mr. and Mrs. Otis Gwinnett spent Sunday with Mr. and Mrs. George Cox.

**Acme Pig Meal**

EQUAL TO MILK. PROTEIN 27% PER CENT.

It is a full and complete ration, nothing else is fed with it. You know how bad it is to feed milk that is not equal to milk. Start when the pigs are born and take the place of milk they will wet themselves at 8 weeks of age, prevents runts, setbacks, and retains the baby pig fat. 15 pounds makes 15 gallons "milk equal" enough for one pig 30 days for 6¢. A balanced and complete ration until 4 months of age. 25 per cent cheaper than any other.

500 pounds ..... \$4.55 per hundred  
1000 pounds ..... 4.50 per hundred  
3000 pounds ..... 4.45 per hundred

The rooms of the Social club will again be the scene of a pretty social affair tomorrow night when members of the Psi Iota Xi sorority will give an informal dancing party, the proceeds from which will be used to swell their national war fund. A jazz orchestra will furnish the music for dancing and the prediction of "continued warm" by the weather man will not detract from the pleasure of the evening, as electric fans are being installed throughout the rooms. As this enterprise is a patriotic one, and the second of its kind, everybody should assist in making it a success.

\* \* \*

Miss Margaret Kelly entertained last night with a theater party in honor of her house guests, Miss Margaret Sugrue and Miss May O'Keefe, and Miss Coletta McNamara, of Dayton, O., who is also visiting here. The guests included the Misses Marjorie and Frances Geraghty, Mary Ellen Carroll, Marie McKee, Salome Schrichte, Hilda McKee and Marie Schrichte.

\* \* \*

The Woman's Home Missionary society of the Main Street Christian church will meet Thursday afternoon at two-thirty o'clock in the basement of the church. Mrs. Josephine M. Stearns, one of the international officers of the Christian Woman's Board of Missions, will be present and address the society on her work for the coming year.

\* \* \*

There will be a called meeting of the members of the War Mother's club in the sheriff's office of the court house tomorrow afternoon at two o'clock. A good attendance is desired by the executive committee as plans for attending the convention in Indianapolis Thursday will be discussed.

\* \* \*

Miss Olive Buell entertained the members of the Tri Kappa sorority last night at her home east of the city, honoring Miss Ruth Ashworth of Connersville, who is the house guest of Mrs. Neff Ashworth this week. About fifteen guests enjoyed the pleasant evening.

\* \* \*

The members of the Woman's Home Missionary society of the Glenwood M. E. church will be entertained by Mrs. John Bever tomorrow afternoon at her home in Glenwood.

\* \* \*

The regular meeting of the W. R. C. will be held tomorrow afternoon in the G. A. R. room of the court house, and a good attendance is desired.

### Notes of Woman's Section of State Defense Council

(Compiled by Mrs. Albert Rabb, Chairman Publicity Committee.)

The food conservation chairman of Fayette county is making arrangements to have a food conservation booth at the annual "Free Fair" of Fayette county. This fair is very popular and the food conservation facts and problems, through this method, will reach many thousands not from Fayette county alone but from numerous counties adjoining. A food demonstrator will be present each day.

In the recent registration of women in Fayette county more than seventy-five women offered service as motor car drivers. From this number a non-military motor corps is being formed, for the purpose of affording transportation for the war workers of the county. During the harvest the women have been called upon to transport men back and forth from the city to the harvest fields.

The community canning kitchen, in Wabash, has canned more than three hundred cans of vegetables in the past two weeks. The kitchen is open four days a week—Tuesday, Wednesday, Thursday, and Friday and is free to every housewife in the county. No charge, other than for actual expenses is made.

Women whose husbands are in the service are eligible for the United States student nurse reserve. Mrs. A. C. Cook woman's section state council of defense learned from a telegram from Hannah J. Patterson, resident director, Council of National Defense. The student reserve is to supply both civilian and military hospitals. While married women will not be accepted in the military hospitals, they will be of valuable service as they make possible the release of other nurses who are qualified for war work.

The telegram also states that graduates of common schools are accepted in the accredited hospitals for the student reserve if these graduates have had favorable experience since the time of graduation. This experience need not be in nursing but along other beneficial lines of training.

Wayne county reports that many of its women have gone out into the country to assist in cooking for threshers this season. Several women of one township have helped in the field, drove binders, cut wheat, also helped in taking up hay. Children of Richmond conduct a sale of their garden produce in the market stall on the afternoon preceding the regular market day, selling cheaper than the market that is on display the following day, and selling out everything within an hour.

Especially during the coming winter, has arisen. With the resignation of the visiting nurse, Miss Anne Straight, it will be difficult to find another to fill her place and to take the places of other nurses who are enrolling in the government service.

The Red Cross meeting is set for 7:30 tomorrow evening in the public library and as the working plans for the winter in general will be discussed, E. B. Thomas, county chairman, is desirous of a good attendance from throughout the entire county.

With the enrolling of nurses for foreign service, the question of supplying the county's need of nurses,

### 48 NURSES ARE ENROLLED

Hoosiers Wishing Military Service Must be 21

(By United Press)

Indianapolis, Ind., Aug. 13.—Only forty-eight Indiana nurses were enrolled during July for active Red Cross service, it was announced at headquarters here today. During the year 136 have joined the service from the state. As the state's quota for the year is 508, it will be necessary for 372 more to offer their services during the remaining five months if the quota is to be filled.

All Red Cross enrollments are for active service and only women who are graduates of accredited nursing schools will be accepted. Those enrolled for military service must be more than 21 years of age.

The Continued Warm Weather Will Make

### SUFFRAGE LEAGUE IS WELL ORGANIZED

reparations Through State Complete For Its Membership and Petition Drive

APPOINT DRIVE CHAIRMEN

Suffragists Asked to Pull Together, to Work Earnestly For Principle of Equality

(By United Press)

Indianapolis, Ind., Aug. 13.—The Woman's Franchise League of Indiana has completed the organization for the membership and petition drive. Mrs. Richard Edwards of Peru, president of the league, announces appointment of sectional chairmen to manage the campaign in the four sections of the state, as follows:

Mrs. Charles Butler, Huntington, northeast section; Miss Carolyn Moenaker, Lafayette, northwest section; Mrs. L. J. Cox, Terre Haute, southwest section, and Mrs. Olive R. Lewis, Indianapolis, southeast section.

The entire central committee is as follows: Mrs. Alice Foster McCullough, Ft. Wayne, chairman; the four sectional chairmen; Mrs. Homer Hauer, Indianapolis, secretary;

Mrs. McCullough promises that no man or woman will escape the petitioners.

Mrs. A. H. Beardsley, Elkhart, representing league presidents; Mrs. James P. Wason, Delphi, representing district chairmen; Mrs. John Crume, Peru, representing county chairmen; Mrs. Robert Tyler, Indianapolis, special publicity agent; the advisory committee includes Mrs. Walter Greenough, Indianapolis, state organization chairman; Miss Helen Bebridge, Terre Haute, chairman of the legislative committee; Mrs. Ismae Beitzman, Wabash, chairman of the speakers' bureau; Mrs. Jessie Fremont Croan, Anderson; Miss Sarah Lauter, Indianapolis, state treasurer of the publicity committee, including Miss Florence Herz, Indianapolis, chairman; Mrs. Florence Long, Indianapolis, and Miss Mary I. Gallahan, Peru.

Mrs. McCullough has opened her campaign with a letter to suffragists in which she asks that they "pull together, work earnestly, sincerely and patriotically for the principles of equality."

"If England with the guns of the enemy pointed at its very heart can pause to give suffrage to her six million women, we can give enough time to secure the same justice for our women."

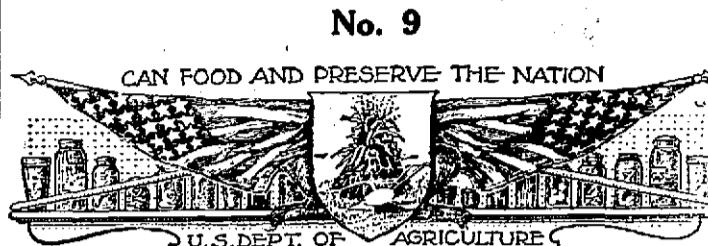

Every league in the state is expected within the next week or two to be at work obtaining membership and petition signatures. The central committee recommends that county campaigns be started vigorously with meeting of township chairmen in each county.

Mrs. McCullough promises that no man or woman will escape the petitioners.

**A REPEAT ORDER**

Out of the last harvest the American people by abstinence saved 140,000,000 bushels of wheat to feed the hungry Allied nations and these same people are going to stay right on the sugar job and see it through.

### FRUIT BUTTERS EASY TO MAKE; USE SURPLUS ORCHARD FRUITS

No tree fruits should be allowed to waste when it is so simple a matter to put up a gallon or two of fruit butters which go well with plain cereals and are particularly useful as a spread for bread.

Only fruit of good quality should be used, but size is not important. The sound part of a bruised or injured apple makes a good product.

#### How to Make Apple Butter With Cider

Almost all varieties of apples will make good apple butter, but those of distinctive flavor and of good cooking quality are most satisfactory. Overripe apples are not desirable, but sweet apples sometimes are mixed with tart ones.

Here is a recipe for cider apple butter. Boil five gallons of fresh sweet cider down to two and one-half gallons. Prepare five gallons of peeled and sliced apples. Either add these apples raw to the boiled cider and cook down, or first make them into apple sauce ad then add to the cider and cook to right consistency. The butter should be cooked until of sliced pears, and cooking is complete when sugar is not absolutely necessary. When sugar is plentiful a pound of

Pear Butter

Pear, plum, and peach butters are made without cider. The pears should be ripe enough to cook up well and after being peeled, cored and sliced, are put into a preserving kettle with a little water and cooked slowly until soft. The sugar is then added, one cup to one quart of sliced pears, and cooking is complete when sugar is not absolutely necessary. Sugar is not absolutely necessary, stirring, for 12 to 2 hours. Various syrups can be substituted in whole or in part for sugar.

Apple Butter Without Cider

Apple butter is spiced according to personal taste. A half teaspoonful each of ground cinnamon, cloves, nutmeg and ginger and cinnamon, or other spices to taste, should be well stirred into the hot butter. Pack while hot in hot, sterilized containers and sterilize in steam as mentioned for apple butter.

Plum Butter

Wash the plums and place them in a preserving kettle with water enough barely to cover, and cook until soft. Then put them through a colander or coarse wire sieve to make a butter of fine texture. To each measure of pulp add one-half measure of sugar and cook slowly and stir frequently until the product is of the desired thickness. Various syrups can be substituted in whole or in part for sugar.

Apple Butter Without Cider

Good apple butter is often made without the use of cider. Enough water is added to the peeled and sliced apples to make a thin apple sauce, and this is allowed to cook very slowly, or simmer, over a low fire for 3 or 4 hours. It must be stirred often to prevent burning. Sugar or syrup, a pound to a gallon of butter, may be added when the product is two-thirds done. The sugar that settles at the bottom of New Orleans molasses is excellent for this purpose. Spice to taste.

Packing Apple Butter

Steam glass or stone jars or crocks for about 15 minutes on a

Put the peaches in a wire basket and dip in boiling water a few seconds.

## SETTLING DOWN TO SUGAR DIET

Indiana is Now Going on Strict Sugar Conservation Program, Which Will Benefit in End.

### SOME DISTRICTS OUT OF SUGAR

Will Have to Substitute on Brown Sugar or None at All Until They Can Get More

Indiana is now settling down to a strict conservation of sugar, with the state and county food administrators determined to avoid, if possible a condition which was reported from Detroit today. Detroit is said to have wasted, through extravagances of various kinds, its allotment of granulated and white sugars and now is on a brown sugar diet, with it limited in order to last until the shortage has been made up.

The wisdom of the action of Dr. Harry E. Barnard, federal food administrator for Indiana and J. E. Larger, head of the sugar division, in insisting that all of the thousands of requisitions be filed regularly and honestly before the distribution of the August sugar supplies began, is becoming manifest with reports from other sections of the country, where, according to advices reaching the office of the Indiana administrator, there will be far less than enough sugar to guarantee to every consumer a ration of two pounds per month.

Serious doubts exist whether any effort will be made to relieve those sections wherein there have been gross failures to enforce any regulatory measures in the distribution and consumption of sugar. Cincinnati and Chicago restaurants, which have been reported as continuing the common sugar bowl, are said to be facing a prospect of doing entirely without granulated or white sugar.

It is held extremely doubtful whether the federal food administration will even make an effort to serve the offending public eating house and except to prevent a possible physical suffering will not undertake to prevent an absolute famine, Dr. H. E. Barnard says. He asserts that the shipping program as laid down months ago, was intended to take care of the more pressing demands for transports for Europe, and that the sugar traffic was based upon a minimum of requirements for America and the Allies.

The wisdom and efficiency of the Indiana system of distribution of sugar, has been highly complimented by the large wholesalers familiar with the national and international situations. It is clear, they declare to Dr. Barnard, that except by the most careful economy in the use of sugar, Indiana, will not have enough to care for the canning and preserving requirements and at the same time maintain the 2 pounds per person per month ration.

Reports from county administrators to Dr. Barnard's office state that preparations had been made generally, to conform to the reduction from the 3 pounds per month basis,

to a third less. Few complaints have been received and "objectors" seem to be in limited areas. Manufacturers, who are hardest hit by modified orders, in that they are to receive no sugar whatever until the retail demand has been supplied, are using other sweeteners, where possible, and are limiting their output in order to save sugar. Many manufacturers, Dr. Barnard says, have learned a lesson in the use of sweeteners that will be valuable in their business, long after the present situation is relieved. Housewives, too, are studying methods of saving sugar, and are drying and preserving fruits and vegetables, long considered a lost art, in a way that guarantees the saving of the large yield of these perishable crops.

"There need be no hardship on any individual in the restricted sugar allowance," said Dr. Barnard, today, "In fact many may actually benefit physically by eating less. Very soon all our people will realize that there is some compensation in the situation and cheerfully will conform to the regulations, if they are not already doing so."

## MANY DISAPPOINTED IN NOT SEEING PLANES

Some Rushville People Motor to National Road and Then Miss View of Night Fliers

### ANYWAY THEY MADE FLIGHT

Rushville people who expected, as the advance notices said, that lights of airplanes flying from Dayton, O., to Indianapolis last night, would be visible here, were disappointed, as well as were scores of Rushville people who motored to points along the National Road to get a good glimpse of what was heralded to be the first night flight between two American cities.

Some there were, however, who were more fortunate. At least they are satisfied—which is sufficient—although there are a lot of folks who went all the way to the National Road and didn't hear or see a machine, who would like to doubt their story. Some say they heard the noise of the engine as the machine passed over Knightstown and Dunreith. One Rushville man says one aviator dropped a green light at Knightstown.

At any rate, Brig. Gen. Charles E. Lee and Capt. J. F. Morris of the British Royal Flying Corps flew from Dayton to the Speedway in one hour and a half and there were 12,000 people waiting to greet them.

### PERIOD IS OVER HALF GONE

Less Than Half of Voters in County Are Registered

With the legal registration period more than half gone, less than half of the voters of the county have registered so that they will be qualified for voting in the November election. Members of the registration board say that it is essential that voters remember this because if they do not comply with the law regarding registration before October 7, when the registration period closes, they will not be able to vote. There are two clerks in the sheriff's office every day except Sunday from 8 a. m. to 5 p. m. to accommodate those who have not registered.

\*\*\*\*\*  
Amusements  
\*\*\*\*\*

Dorothy Dalton will be at the Princess theater tonight in an unusually interesting picture, "Tyrant Fear." She is confronted with the strange position of being unable to speak, yet is compelled to lose her self-respect because of the situation in which she is involved. The development of the plot forms a story of great interest. As an additional attraction, Lyons and Moran will be seen tonight in "Whose Baby Are You?" Alice Brady will be here tomorrow night in "The Knife," and Pathé News will also be shown. Charles Ray in "Playing the Game," is announced for Thursday.

#### Dates Back to Civil War

The oldest circus in the world—and the best today is coming to Rushville Wed. Aug. 21 to present two performances and a street parade, the equal of which was never seen here before. This is the John Robinson circus. It is on its ninety-third annual tour of the American continent. For many years the circus did not visit the east, the territory of the west, Canada and Mexico furnishing its ranging grounds.

The John Robinson circus is the evolution of a diminutive show that started long before the civil war. It kept pace with the times, however, and today it is larger and grander than ever before. When circuses first started to tour America, the John Robinson Circus was the college from which circus folks graduated. Being the first in the field it invented nearly all the odd equipment which makes moving daily a possibility.

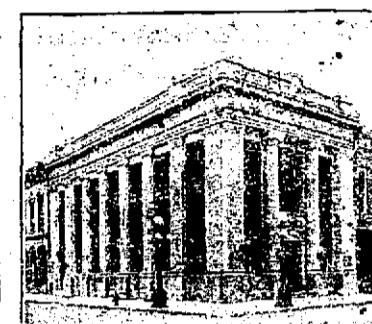

The John Robinson circus has always prided itself on its menagerie, and today it carries three herds of elephants and the grandest collection of strange and wild animals in America. The performance is presented by the pick of the circus world. On show day tickets will be on sale at Pitman and Wilson's Drug store at the same prices charged at the show grounds.

## A Growing Business

is always aided by proper banking connections. Co-operation is the word that best signifies and describes the relation that should exist between the banker and his customer.

## 1500 - Bus. of Corn - 1500

This corn will all be moved to town and placed in lots so that you can see just what you are buying and will be sold in small lots, with a reasonable privilege.

I think you will find this to be as good a quality of corn as you can find anywhere. Would be glad to have you come and inspect it any time.
